

HELP SAVE YOUR ONTARIO PLACE

“The project is wrong in principle, a disaster in practice, and it costs too much public money.”

DAVID CROMBIE,
FORMER MAYOR
OF TORONTO

Ontario Government plan for Ontario Place (area marked in red) involves:

Leasing a Public Park to an Austrian spa company for 95 years
Cutting down 840+ mature trees
New building the size of 7 football fields and 13 storeys tall
\$650 million+ from taxpayers for site prep and a parking lot

“A disaster”

ALEX BOZIKOVIC, THE GLOBE AND MAIL

“A bad, generational mistake”

**Ontario's
waterfront park**
help us keep it open for
everyone.

Ontario Place is currently a free, open and accessible waterfront park that is used by more than a million people every year. It is also an internationally recognized architectural treasure. And yet, this amazing asset is at risk RIGHT NOW. Join the fight to keep Ontario Place open for all!
